

**DENSE FLOW MANUAL HOSE DIVERTER**

NOM. PIPE	PART #
1-1/2"	DF79520X99
2"	DF79530X99
2-1/2"	DF79540X99
3"	DF79550X99
4"	DF79560X99
5"	DF79570X99

THE DENSE FLOW MANUAL HOSE DIVERTER is used for manually diverting the flow of material to one of a number of receiving points. A limit switch on each male tube assembly is used for electrical safety interlocking. A manual hose assembly should be located as close as possible to the tank.

**NOTE:** Specifications and dimensions subject to change.
